Study in Australia's Northern Territory Scholarship program – Application

- Students must abide by any student code of conduct or by-laws of their education provider.

Successful students are required to inform Study NT and their Northern Territory education provider via email of any visa status change immediately, as this may result in a termination of the scholarship.

Study in Australia's Northern Territory Scholarships are very competitive and meeting the minimum eligibility standards described above does not guarantee that you will be awarded a scholarship. Applicants will need to be endorsed by their education provider. The Department of Industry, Tourism and Trade's decision is final.
